Loan Amount by Purpose

'Risk Category Distribution', 'Credit Score vs Loan Amount' and 'High Risk Customer Table' are under Risk Analysis.
'Interest Rate vs Risk Score' and 'Loan Amount by Purpose' are under Financial Analysis.

Loan Default Risk Analysis Dashboard

Recommendation 1:

Customers with lower credit scores show significantly higher default risk.

Recommendation 2:

High debt-to-income ratio borrowers require stricter approval criteria.

Recommendation 3:

High-risk customers contribute most of the portfolio risk exposure.

Recommendation 4:

Loan purpose and employment type influence repayment behavior.
